

Supply Chain Management

You cannot afford a weak link

Course
Information
National Certificate:
Supply Chain
Management

National Certificate: Supply Chain Management

SAQA ID	74149
Level	5
Credits	150
Duration	2 years

Studying Supply Chain Management will enable you to solve complex business problems related to the journey of products and services from the manufacturer or provider to the end customer.

You will gain an understanding of the techniques required for managing and improving the integration of design, resources, processes and customer requirements

Course Expectation

This is a learnership, and therefore has a theory and workplace component.

- Learners are expected to complete the theory at the training provider.
- The workplace component must be complete at a recognised workplace.
- The activities at the workplace will be determined by the workplace tasks that need to be completed.

Training Provider

Workplace

Selection of Workplace

Learners are required to ensure that they have secured a workplace. Whilst IQ supports learners in this endeavour, it is the learners responsibility.

The workplace selected must be in line with the course undertaken.

Learners will be provided with a pack that includes:

- Letter of request for placement
- Placement guidelines for Employer organisations

Training

Your course comprises of the following:

- Complete Learner orientation on the programme expectations.
- Mentor guidelines for the workplace mentors.
- Work integrated guidelines for the workplace.
- Learner orientation guide.
- Process meetings map with employers and mentors.
- Training plan including the schedule of assessments
- Process map for the qualification.
- Learner guides, workbooks and log books
- E-learning lessons/ PC Tablet (with audio voice lessons)
- Training videos to support lessons showing practical applications

Assessment

Assessments are an important part of your learning as it serves as a measure to identify if you have achieved the competencies required in this course.

Various assessment methods are used during the course of your programme. All these are collated into a Portfolio of Evidence which is used for the final summative assessment. Each module of your study will have an assessment of some form.

The workplace is assessed through a logbook. This comprises a list of tasks which needs to be completed and signed off by your workplace mentor.

Delivery Modality

The delivery modality is flexible and designed according to the needs of the client.

The following are some of the options:

Option 1

- Lessons are presented on a PC Tablet. These are recorded.
- All the learner guides and workbooks are on the PC Tablet.

Option 2

- E-learning. Lessons are on the e-learning platform and learners progress through them.

Option 3

Face to face tuition according to a training plan.

Persons interested in this qualification

Individuals wanting to pursue a career in the supply chain field. This will be an immediate launchpad.

- Warehouse managers and supervisors
- Logistics staff
- Forwarding industry
- Courier industry
- Freight industry generally

Experience Required

No management experience required.

Learners will be required to secure a workplace for the work integrated module.

Entry Requirement

Require that learners have at least a matric given the level of programme.

Some employers require learners to have worked for a period before being on a management career path.

Employers also use this qualification as a starting point for organizational succession planning.

RPL

IQ has a well designed toolkit to assess persons against this qualification based on their experience and /or informal/ formal learning. If you have worked in a management role for at least 4 years within the supply chain industry, you could have your competencies measured and get awarded the qualification.

National Certificate: Supply Chain Management
